

- **Bible Studies and Outreach Ministry** - you will be making and keeping Bible study appointments with residents of the inner city community. Some of these are "hot leads", and some will be "cold contacts".
- **Demographics** - you will be filling out new family records on families we do not as of yet have a record for, and you will be updating the records we do have. This will take place as you follow up on visits and Bible studies.
- **Canvassing** - passing out flyers and invitations to worship.
- **Children's/Youth Ministry** - you will be leading, planning and coordinating events and activities with the youth of the Inner City church of Christ, i.e. field trips, work projects, special events, etc... and you will be finding ways to reach out to the community through activities with the children who live in the housing projects. The age group you will primarily work with is 10-17 years of age as it pertains to youth oriented activities.
- **Aggressive Benevolence** - you will assist in meeting needs of people while building relationships and teaching the Bible, i.e. we take people twice a month to get groceries, eat a hot meal, and have Bible studies.
- **Mentorship** - This mostly applies to our summer camp. You will invite two or three kids apiece to go to camp with you and be your protégé(s). There will be opportunities for you to conduct small group activities during your internship.
- **Extensive Missionary Training** - there will be daily training activities, such as classes and team projects. This will include on the job training, hence "internship". There will be a sharing of our ministry values and principles during this training.
- **Staff Meetings** - you will be involved in setting ministry agendas, and planning and coordinating activities and events for the Inner City church of Christ.
- **Campaign Involvement** - We have summer campaigns scheduled. You will be expected to help lead, and coordinate the activities and movement of the campaign group(s).
- **Administrative Duties** - you will spend some time in the copy room, and time on the computer and in the office.
- **Transportation Services** - coordinating pick-up and take home routes, and driving and/or riding on a vehicle that provides transportation to and from services, activities, and events.

The emphasis we have for your internship is to pursue our ministry objectives, and our goal, and for you to learn how to work within a team to reach these objectives and goal. BTW, our two objectives are as follows:

1. Reach the lost
2. Involve Christians in that mission

Our one goal:

1. To build the Lord's church in the inner city of Mobile

Feel free to print this out and give it the elders and/or the missions committee of your supporting congregation(s), or any individual who wants to know what it is you will be doing. Oh yeah! You will have an enjoyable experience that we know will be uplifting to your development as a missionary! This will truly be an unique experience in a mission field that is one of a kind. Expect to be challenged, and to grow in your knowledge and ability to produce a ministry that reaches the lost and builds the Lord's church.

In Jesus,
 Chuck Griffis, Minister
 Mobile Inner City church of Christ
